LISA MEANS

Nick Nicholson, M.D., F.A.C.S.
Thomas Roshek, M.D., F.A.C.S.

BARIATRIC SURGERY

The Nicholson Clinic is honored to have Dr. Nick Nicholson and Dr. Thomas Roshek recognized as Best Doctors in Dallas. For over 20 years, the Nicholson Clinic has helped more than 25,000 patients and become the country's premier destination for weight loss, with patients coming from all 50 states and 11 countries.

Dedicated to helping patients transform their lives, the Nicholson Clinic offers the latest in weight loss using emerging technology, including robotic bariatric surgery. Procedures include gastric balloon, gastric sleeve, gastric bypass, SADI, Lap-Band, and revisional surgeries. Patients see a reversal not only of obesity and Type 2 diabetes, but also high blood pressure, heart disease, arthritis, and other weight-related illnesses.

The Nicholson Clinic also specializes in general surgery and regularly performs gallbladder removal, abdominal hernia repair (umbilical, ventral, incisional, and inguinal), hiatal hernia repair to treat acid reflux, appendectomy, and soft tissue mass removal.

If you need a bariatric or general surgeon you can trust, call the Nicholson Clinic today. Nicholson Clinic accepts insurance and offers competitive cash pay prices. Surgeons are credentialed at some of the top hospitals in Dallas-Fort Worth and have the designations to meet bariatric coverage requirements that many insurance companies require. Learn more at NicholsonClinic.com or call 972-494-3100.
