PERIODONTICS

Dr. Andrew Barnett and Dr. Marshal Goldberg, board-certified periodontists, pride themselves on not just providing the best care, but also on fully educating their patients on their oral and periodontal health. At each appointment, every member of the Lincoln Park Perio team will earn your trust. You will feel confident in knowing they are empowering you to achieve the healthy smile that will let your true personality shine through. Periodontal disease, gum recession, dental implants, and overall oral health can be confusing. The initial consultation is not just to diagnose disease or count missing teeth. They want to know your story. They want to understand how your oral health got to where it is today to best tailor your treatment for where you want it to be tomorrow. They look forward to welcoming you to the Lincoln Park Perio family.

PERIODONTICS AND DENTAL IMPLANTS

Dr. Stephen Bass and Dr. Ellen Hall are extremely honored to be selected to *D Magazine's* Best Dentists in Dallas edition. They wish to thank their peers for selecting them to this very prestigious group.

Dr. Bass and Dr. Hall are both graduates of the UT Health Science Center in San Antonio Dental School, including their periodontal specialty training. They are board certified by the American Academy of Periodontology. Their practice places an emphasis on dental implant placement and cosmetic and regenerative periodontal surgery. The doctors and their knowledgeable staff provide state-of-the-art technologies, such as the PerioLase™ dental laser, All-on-Four Immediate Implant Placement, Platelet-Rich Plasma (PRP), Trios 3D scanning, i-Cat Cone Beam CT scans, and PiezoSurgery. These technologies can be combined with tissue and bone preserving/regenerating techniques to provide effective periodontal treatment. Oral and IV sedation are also available for patient comfort. Patients appreciate that the doctors take the time to listen the patients' desires and understand their goals and expectations before developing treatment recommendations. Dr. Bass is married to his wife, Terri, and has two sons. Dr. Hall is married to her husband, Curt, and has a son and daughter.
