

Bradley Arant Boult Cummings LLP

Known for skilled legal work, integrity, and deep relationships with clients, Bradley attorneys continue to secure professional honors while enhancing the firm's steady growth in Dallas.

Leading the charge is veteran trial lawyer **Dick Sayles**, who has earned a reputation as one of the most respected and effective attorneys in Dallas. His decades of experience range from defending clients in cases involving claims against corporate directors and officers to high-stakes commercial litigation, including securities, product liability, and patent infringement disputes.

Bradley's wide array of practice and service areas is, in part, thanks to **Gene Besen**, who serves on the firm's recruitment committee in addition to his active government enforcement and corporate investigations practice. Attorneys **John Bonnet** and **David Pratt** are trusted advisors to parties in complex business transactions, including mergers and acquisitions and debt and equity financings. Attorneys **Kyle Owens** and **Robert Flowers** counsel banking and financial services clients through a range of transactions with a focus on problem-solving. With more than 30 years of experience in complex litigation and arbitration matters, trial attorney **Ladd Hirsch** is known for his tenacious and pragmatic approach.

Bradley congratulates these talented lawyers for their recognition as *D Magazine's* Best Lawyers in Dallas.
