

Jill Feetham, M.D.
Kristel D. Polder, M.D.
Lori D. Stetler, M.D.

DERMATOLOGY

This sophisticated trio of physicians leads Dallas' premier medical and cosmetic dermatology practice. Dr. Lori Stetler established the practice 30 years ago. She is a recognized leader in the fields of cosmetic dermatology and laser surgery. She and her team are dedicated to bringing cutting-edge technology to their patients. As a clinical professor and national trainer, Dr. Stetler enjoys training dermatology residents and peers nationwide on the latest cosmetic procedures.

Dr. Kristel Polder, a partner with the practice, serves as national training faculty and media spokeswoman for international cosmetic brands. Specializing in laser procedures, injectables, and nonsurgical body contouring, Dr. Polder brings a love for clinical research and a passion for perfection at every step. "Utilizing the latest technologies and techniques, we are able to help patients in all stages of life achieve natural, beautiful aesthetic results," she says.

Dr. Jill Feetham, the newest partner, specializes in medical and cosmetic dermatology. "My passion for dermatology began soon after losing my aunt to metastatic melanoma in 2004," Dr. Feetham says. She considers it a privilege to treat women and men of all ages by customizing a plan to help each patient age with grace and confidence. Dr. Feetham serves as an assistant clinical professor for dermatology and enjoys mentoring women interested in medicine.

At DCDA, you will find expert physicians who are known for their shared passion for healthy skin. Dr. Stetler explains the driving philosophy of the boutique practice is "to deliver superior results, meeting every patient's needs in the areas of medical, surgical, and cosmetic dermatology."
