

Salvator J. La Mastra V D.M.D.

GENERAL AND COSMETIC DENTISTRY

When it comes to your smile, you want the best. Dr. Salvator La Mastra's patients benefit from his numerous professional credentials. As a member of the American Academy of Cosmetic Dentistry, Dr. La Mastra remains dedicated to advancing excellence in the art and science of comprehensive cosmetic dentistry and to encouraging the highest standards of ethical conduct and responsible patient care. He maintains his membership of AACD by completing numerous continuing education courses and lecturing other dental professionals around the country.

Not only does Dr. La Mastra remain one of the youngest dentists on the accreditation track for the American Academy of Cosmetic Dentistry, he spent years mentoring under the top Fellow of the Academy, Dr. Kenneth Hamlett. Additionally, Dr. La Mastra teaches Invisalign worldwide, attends the Spear Dental Institute and the Dawson Academy, and serves on the board of directors for the Dallas County Dental Society. He has been named a Top 40 Under 40 Dentist in the U.S.

As a true artist in his craft, Dr. La Mastra is known for excellent outcomes in veneers, Invisalign, crowns, fillings, bonding, and bite alignment. Because lifelong oral health remains the primary focus of his practice, he partners with each patient to discuss the importance of this critical aspect of a beautiful, yet natural-looking smile. New and improved materials in cosmetic dentistry and general dentistry have enabled him to continue his pursuit of perfection. Utilizing the latest in dental technology allows Dr. La Mastra to perform all procedures with the highest degree of accuracy. He cultivated a concierge-style dental practice that cares for each patient like family in an inviting and warm atmosphere. This reflects his experience and commitment to excellence and artistry from cosmetics to general dental health and checkups. Since its inception, excellence has remained as the foundation of his brand, truly differentiating Dr. La Mastra's practice within the dental field.

By developing an all-encompassing approach to what patients need, Dr. La Mastra strays from itemizing based on a patient's need, which is common in many dental practices. This new approach sets his practice apart by keeping quality patient care the top priority and elevates the experience patients have when they enter his dental office. From surgery to ceramics as well as the personal connection to his patients, Dr. La Mastra does everything possible to guide his patients from start to finish in their oral healthcare. This led him to reimagine how he connects with patients as well as the excellence he can achieve not only in cosmetic dentistry but in dentistry overall.
